

# BASIC MATH SKILLS TEST

## Calculator Functions

+	= Add
-	= Subtract or Takeaway
÷	= Divide
x	= Multiply
=	Represents equals

This basic math skills test is design to help you test your basic math knowledge that you will be required to perform as a CPO® graduate. This is also your chance to make sure that you are familiar with using a calculator. Complete this test before you move on to the next section. The answers to these basic math questions are found on the next page but try not to look until you have completed all the questions. Your CPO® instructor may ask to see your answers to these questions at the beginning of your CPO® course. Simply circle your answer choice.
